

## TUMBLEWEED.VENTURES – COMPANY PROFILE

tumbleweed.ventures is a consultancy firm that offers permanent and temporary advisory services in the fields of tech, media and marketing. They provide non-executive director and board member roles, interim management as CEO, CRO or CMO, and European acceleration partner services. The founder and advisor, Oliver Busch, has a diverse background that includes being a global CMO, CEO and COO with top global players and European challengers. He has experience managing high-growth organizations and culture, leading cross-functional teams, and building strong professional networks. Tumbleweed Ventures' name and symbol embody the values and beliefs of the company, emphasizing agility, adaptability, and ability to guide clients towards success.
